

Big Roche-A-Cri Lake District Commissioners Meeting

Thursday April 14, 2010

603 pm start

569 N. Cedar Street

Adams, WI 53910

Special Emergency Meeting

All board member were present at the meeting either in person or phone conference. Discussion was held regarding the damage created by the storm. Much of the beginning stages of clean up have begun. We formulated a plan to get power and a facility up to get temporary work space to continue getting harvesters ready for cutting this summer. We also decided to put together a building committee to get the replacement project underway and moving forward so that completion can take place before winter. Lastly it was decided to call for a vote at the spring meeting to approve budget for the maintenance building replacement.
